Pre-College Program

***Jump Start Your
College Tennis Preparation***

It takes about five to eight years of high quality training for most tennis players to achieve a college playing levels. Let Match Point design the proper routine for you during this period of development. In the past 15 years over 60% of players who have followed supervised training routines, by Elson De Cantuaria and MPTA's coaching staff, have gone on to play college tennis. At MPTA we approach training with long-term goals in mind for our students. We fully understand that a long time commitment to training and development is essential to produce high-level tennis players.

MPTA has developed four Pre-College programs.

For a complete description of each program, see Match Point's Pre-College Brochure.

Payment Information

Discount for All Programs

- 5% off second/third child if both children are enrolled in any monthly package.
